Summary of Experience

I am licensed as a Clinical Psychologist by the Commonwealth of Kentucky, License #0706, and a Licensed Marriage and Family Therapist by the Commonwealth of Kentucky, License #0023

I presented CEU courses, training all Marriage and Family Therapists on the DSM-IV® as a part of their licensing requirements in the Commonwealth of Kentucky.

I wrote CEU offerings for home study courses on a variety of topics including: diagnosing disorders in children and adolescents (particularly using the criteria found in the DSM-5®), clinical supervision that deals with legal, ethical, and risk management issues, and school refusal in children

I continue to serve as a consultant to local agencies in the Kentucky region and several school systems regarding the assessment of children, on and provide psychological evaluations

Work Experience

<i>Licensed Clinical Psychologist, Private Practice, Louisville, KY</i>	1989 to present
---	-----------------

- I provide Clinical Psychology services including evaluation/assessment, individual therapy, and family therapy. I have extensive experience in diagnostic

psychological evaluation of children and teenagers with behavioral, emotional, or educational difficulties, and adults experiencing emotional difficulties. My individual psychotherapy experience includes extensive work with affective disorders, anxiety reactions, and grief issues. I also have considerable expertise in the area of marital difficulties, separation, and divorce. I developed cooperative relationships with several psychiatrists for those individuals requiring medication and psychotherapy, and am an allied staff member at both Ten Broeck Hospital and Jefferson Hospital.

Deputy Director, Jefferson County Dept. of Human Services, Louisville, KY 1987 – 1994

- My primary responsibilities involved administration and operation of the Community Social Services Branch, which is comprised of six program areas: Juvenile Probation; Intake and Investigations; Juvenile Restitution; Psychological Services; Emergency Financial Assistance; and Nutrition Program for Senior Citizens. I had administrative responsibility for 125 individuals and administered a budget of approximately \$4 million
- I was also responsible for planning, organizing, coordinating, and maintaining programmatic activities in the various programs; recommending, developing, and implementing new human service programs; and directing day-to-day program activities through subordinates.

Administrative Services Manager, Jefferson County Dept. of Human Services, Louisville, KY
1982 – 1987

- I operated a support service office of ten personnel, who were responsible for the preparation of the Divisional budget, purchasing, financial records, payroll/personnel, supplies, data processing, and special projects as assigned by the Deputy.

Director of Research and Planning, Jefferson County Dept. of Human Services, Louisville, KY
1974 – 1982

- My primary responsibilities included evaluating program effectiveness, data collection systems, federal funding and grantsmanship, and long-range and short-term planning for 15 different human services.

Research Assistant, Jefferson County Dept. of Human Services, Louisville, 1970 – 1974

- My duties consisted of collecting and analyzing data, extensive statistical analysis, federal grant writing, program planning, and evaluation. I conducted both formal program evaluations and informal monitoring of programs.

Psychologist Practicum Student, Longview State Hospital, Cincinnati, OH 1969-1970

- *My primary responsibility included administering, scoring, and interpreting a variety of psychological tests used to diagnose and classify patients. In addition, I participated in medical staffings and led a residential therapy group with chronic alcoholics.*

Adjunct Faculty 1996 – present

- *I teach undergraduate psychology classes in Abnormal Psychology and graduate psychology courses in Psychopathology at the following institutions: Spalding University Jefferson Community College, and Bellarmine University*
